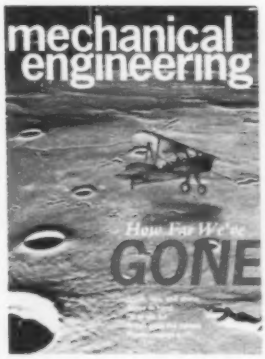
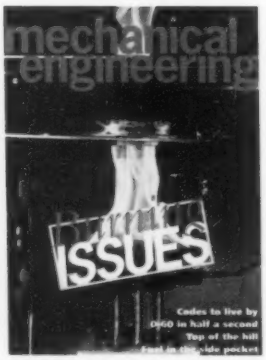
Mechanical Engineering: Index of 2000 Articles



January



February

FEATURE ARTICLES BY AUTHOR

Baumgartner, Henry
"Hotfoot for the Iron Horse," June, pages 46–52.
"Secret of the Sticky Foot," August, pages 78–80.
"Swamp Thing," January, pages 54–56.

Brown, Alan S.
"The Many Flavors of Open," March, pages 58–63.

Canonico, Domenic F.
"Adjusting the Boiler Code," February, pages 54–57.
"The Origins of ASME's Boiler and Pressure Vessel Code," February, page 53.

Chalmers, Peggy
"Lobster Special," September, pages 82–84.

DeGaspari, John
"All in a Day's Work," August, pages 74–77.
"Cushioning the Blows," May, pages 72–73.
"Infrared Recycler," April, pages 60–62.
"Out of Harm's Way," December, pages 52–55.
"The Big Chill," November, pages 94–97.
"Titanic Proportions," March, pages 88–89.
"Tools to Die for," June, pages 54–57.
"Trimming in a Snap," July, pages 74–76.
"User-Friendly Sensors," January, pages 57–59.

Gaylo, Benedict J.
"That One Small Step," October, pages 62–69.

Giosan, Ioan, and Ted Brockman
"Streamlining Metal Poles," April, pages 68–70.

Goldin, Daniel S., et al.
"The Great Out of the Small," November, pages 70–79.

Hall, Tim, and George Anderson
"Figuring Flow," February, pages 72–73.

Hartung, Glen
"Easing the Strain," September, pages 90–93.

Hutchinson, Harry
"Small-Scale Power," October, pages 76–80.

Ladd, Conrad M.
"Power to the People," September, pages 68–75.

Lee, J. Lawrence
"The Mechanics of Flight," July, pages 54–59.

Leight, Walter, and Belinda Collins
"Setting the Standards," February, pages 46–52.

Lentinello, Richard A.
"Motoring Madness," November, pages 86–92.
